Rev and Tax - Tax Appeals, State Bd. of Tax Appeals

Program Results and Effect:

This program provides taxpayers with the opportunity to appeal their ad valorem assessed valuation from a decision of the County Board of Equalization or a decision from the Idaho State Tax Commission concerning state taxes, to an independent Board. This program provides a forum for taxpayers to present testimony and evidence before a quasi judicial board rather than through a district court trial which necessitates legal representation and expense.

Open hearings are held in the county seat where the property under appeal is located, or as near as possible to the taxpayers residence or place of business in State Tax Commission appeals. One Board member in each area of the State sits as the presiding officer in that area.

Board members are appointed by the Governor to three year terms and may be re-appointed. Consistent and legal decisions require Board continuity.

The Board hears appeals and issues decisions concerning assessed values, exemptions and state taxes such as income, sales, inheritance and motor fuels. Board decisions are based on statutes, regulations and case law and have a strong effect on the amount of taxes paid. Board decisions are appealable to district court and are recapitulated through nationwide legal reporting services.
